Today's War Moves

By J. W. T. MASON
British United Press Wire Service
Exclusive to Edmonton Bulletin

Whether the new Yugoslav government does or does not quickly repudiate membership in the Triple Alliance, Hitler's plans for the Balkans must be revised. Whatever the diplomatic consequences of yesterday's coup d'état in Belgrade may be, the basic fact remains that Germany can place no reliance on the full neutrality of the Yugoslav army, once war breaks in southeastern Europe.

When the Vienna pact was signed the Germans considered that they had bought Yugoslavia for the duration of the war. Now, however, the German general staff must take into consideration the possibility that Yugoslavia might become an active belligerent at an opportune time. If the Führer proceeds with his intention to move against Greece, it is necessary that a redeployment of German troops be made. There will have to be considerable concentration of German power

Heavy Attacks Made At Reich Industries By British Bombers

LONDON, March 28.—(CP)—The air ministry news service declared tonight that in the recent series of Royal Air Force raids on Bremen 1,000 persons were killed and 5,000 injured. Bremen is a great seaport, in northwest Germany, on the Weser river.

By HOMER JENKS

LONDON, March 28.—(BUP)—Heavy British air attacks upon the industrial centres of Cologne and Düsseldorf last night caused huge fires and widespread damage, the air ministry said today.

The cities were singled out by the Royal Air force for the first extended aerial attack by either German or British in six days.

Two large fires were seen near "railway goods-yard at Cologne," the ministry said. At Düsseldorf flashes from burning bombs were clearly visible in the factory area to the east of the Rhine and near the main railway station.

Attacks by smaller forces were made on docks at Duisburg and Calais.

Japs Must Go Into War Now Or Be Left To Fate Say Germans

BERLIN, March 28.—(AP)—Japanese Foreign Minister Yosuke Matsuoka, here for talks with German leaders, must make up his mind whether Japan will enter actively into the fight against Britain or be left to face both her and the United States alone later, informed German political circles claimed today.

The taking of Singapore—key British naval base in the Far East—was mentioned specifically in connection with the subject of Japanese participation in the fight.

If Japan declines to enter the fray at present, Germany and Italy might later show indifference to Japan's plight, these circles threatened.

Up to now, the Tokyo way, Germany has had it much her own way. But now, they predict, a Turkish-Greek-Yugoslav agreement will stop the march of the Nazi invaders.

MOSCOW, March 28.—(BUP)—Russia is in no danger of being expressed pleasure at the change of government in Yugoslavia. The Russian press and radio are repeating over and over the exciting details of the military coup at Belgrade. Elaborate accounts of the breaking of the pro-Nazi ring in Yugoslavia are carried in all Soviet newspapers.

Athens Celebrates

ATHENS, March 28.—(AP)—Reports of the overthrow of the Yugoslav government caused genuine street celebrations here Thursday, and government spokesmen said today that there was no official comment.

Rear-Admiral Is Among 10 Killed In Air Accident

CAPE TOWN, March 28.—(CP)—Reuters—Ten persons including Rear-Admiral Guy Waterhouse, 35, director of seaward defence in the South African defence force, were killed in an air accident. Cape governor today.

Admiral Waterhouse was secretary to the Earl of Clarendon when he was Governor-General of South Africa. He was in the British navy for 30 years before coming to South Africa.

British Submarine Sinks Two Vessels

LONDON, March 28.—(CP)—The admiralty announced today that the British submarine Parthian had torpedoed a 4,000-ton supply or transport ship and a 10,000-ton tanker in a convoy south of Italy.

Italian Tanks Turned Against Them
This photo from Albania was made as retreating Italian were driven back by their own war material. A formation of light tanks captured from the Italian army are manned by Greek units and move against the enemy position.

PATRIOTIC EXERCISES COMPULSORY

Pupils Refusing To Take Part May Be Expelled, Prosecuted

Empowering school boards to require performance of patriotic exercises in Alberta schools, making any pupil guilty of an offence against the School Act who refuses or neglects to participate in such exercises, amending bill to be introduced in the legislature. Copies of the amending bill have been printed and distributed to members.

The bill provides for suspension or expulsion from the school of any pupil who refuses to participate in the exercises, the school's chief part, to be introduced in the legislature. Copies of the amending bill have been printed and distributed to members.

The bill also provides for suspension or expulsion from the school of any pupil who refuses to participate in the exercises, the school's chief part, to be introduced in the legislature. Copies of the amending bill have been printed and distributed to members.

Uncounted Thousands Of Italian Prisoners Captured At Cheren

"End Of East African Campaign Is In Sight" Is Prophecy Of British Army Spokesman After Latest Victory

British-captured Cheren in British are in full flight toward Amara, the colonial capital, leaving behind uncounted thousands of prisoners, the British command reported today, and an army spokesman here declared, "It is not unduly optimistic to prophesy that the end of the East African campaign is in sight."

The Middle East command said the fascists are "in precipitate retreat" down the 45-mile highway leading to Amara and that in addition to the prisoners, vast stores of war materials fell into British hands at Cheren.

An army spokesman said the British had captured the town which fell Wednesday night, were now busy clearing the fascist forces to take time to count the number of prisoners.

The remnants of the Italian forces were headed for Amara, 45 miles southeast of Cheren, and it was possible they might try to go on to Amara, the spokesman said.

By Edgemoor, where the British army knocked another foundation stone from Italy's crumbling East African Empire with the capture of the walled city of Cheren, the British command announced that "in all sectors the situation continues to develop in our advantage."

The British army in the Sudan is reported to have captured the town of Cheren, which fell Wednesday night, were now busy clearing the fascist forces to take time to count the number of prisoners.

YUGOSLAVIANS ARE CHEERED IN MARSEILLE

Demonstration Is Held Where Former King Assassinated

MARSEILLE, France, March 28.—(AP)—Shouting "Long live Yugoslavia" a crowd of 8,000 poured spontaneously into the Place de la Bourse today to celebrate the news that King Alexander of Yugoslavia was assassinated by a fascist agent in Paris.

The uncounted demonstrators, which grew in volume every hour, came after word was dropped through the city that a new anti-Axis Yugoslav government had been formed.

Early this morning the people began to drop bouquets at the scene of Alexander's assassination, and at the monument to the father of Yugoslavia's young King Peter II.

As the bouquets of flowers, mums, 200 police were called out to halt the crowd and crowd began to gather.

In the Place de la Bourse the crowd sang the Marseillaise and applauded each time someone made the police.

A similar demonstration took place before the statue at the police prefecture.

Inquiry Into Loss Of Other Set Over Until Saturday

OTTAWA, March 28.—(BUP)—The naval inquiry into the loss of the Royal Canadian Navy vessel, the H.M.C.S. Saginaw, was postponed until Saturday.

The inquiry was to have been held today, but it was moved over because of the loss of the H.M.C.S. Saginaw, which was reported to have been sunk in the Atlantic.

Indians Play Big Part In Britain's Capture Of Cheren

LONDON, March 28.—(CP)—The British command reported today that the British army in the Sudan is reported to have captured the town of Cheren, which fell Wednesday night, were now busy clearing the fascist forces to take time to count the number of prisoners.

Leaders Refuse To Ratify Pact; U.S. Help Is Promised

1,200,000 Yugoslav Soldiers Are Ready To Fight If Country Is Attacked By German Or Italian Armies

By DANA SCHMIDT

ISTANBUL, Turkey, March 28.—(BUP)—British troops are reported to be pouring out of Athens in long columns. There is no official indication of what direction they may be going. But it is unofficially reported that these British forces are heading for the border of Yugoslavia. There they will be prepared to go immediately to Yugoslavia's assistance if it is invaded by Germany.

By ROBERT ST. JOHN

BELGRADE, March 28.—(AP)—Defiant Yugoslavians refused today to ratify the Axis pact and received the United States' promise of full aid if she is forced to repel German and Italian armies.

The United States minister, Arthur Bliss Lane, delivered a note to the government which said that under terms of the military aid bill every possible assistance would be given to Yugoslavia, "as to all other nations seeking to maintain their independence and integrity to repel aggression."

The note was delivered to Yugoslavians by the American minister, Arthur Bliss Lane, delivered a note to the government which said that under terms of the military aid bill every possible assistance would be given to Yugoslavia, "as to all other nations seeking to maintain their independence and integrity to repel aggression."

Continued on Page 2, Col. 4

OTHER DEVELOPMENTS
Other developments today include:

1.—The Turkish minister conferred for a long time with Premier Simovic, who assumed leadership in yesterday's coup d'état, but a short time after Yugoslavians informed Germany the Axis pact would be neither renounced nor ratified.

2.—German journalists, economic experts and trade delegates began an expedition from the country. German sources said nearly 3,000 had started to go to Yugoslavia in the hope of getting out of the country.

High diplomatic sources said Yugoslavia had informed Germany that the government which was ousted yesterday, would be responsible because it would be contrary to the wishes of the Yugoslav people.

FULLY MOBILIZED
The United States note was delivered to 1,200,000 Yugoslavians who were fully mobilized to resist German and Italian armies should they attempt to invade Yugoslavia.

Prime Minister Churchill implied full British support for an anti-Axis Yugoslav government when he declared that Britain would "stand by the common cause" with the new government.

Flags still were flying in the capital, Belgrade, with soldiers in the streets and the streets to the front.

Mr. Lane told Premier Simovic that the British government was authorized on behalf of President Roosevelt to inform the government of the Yugoslav strike had caused "an immediate and regular reaction in America" and that the event "constitutes a matter for serious consideration."

TRANS-CANADA AIR LINES HAS 1940 SURPLUS

Maximum Service Given
Post Office, Business
men, Armed Services

OTTAWA, March 28.—(CP)—The annual report of Trans-Canada Air Lines, scheduled for release in the House of Commons today, reported a surplus of \$339,763 during 1940.

In the report President R. J. Hunter said the company followed a wartime policy of maximum service to the Post Office department, the armed forces and the civilian of Canadian New England particularly in wartime production.

Gross revenue in 1940 was reported as \$4,582,382. Operating expenses totaled \$1,874,617, net \$2,707,765, and expenses \$248,044.

COSTS REDUCED

Operating expenses were \$4,030,120 and net \$2,857,713. Operating maintenance and depreciation of aircraft, \$794,643; operating maintenance and depreciation of ground facilities, \$300,286; traffic and general administration, \$1,935,191; interest on capital invested, \$1,000,000.

"Notwithstanding rising prices," the report stated, "the cost of operations was reduced from 84 cents per mile to 83.6 cents, or 13 per cent."

Revenue passenger miles in 1940 were 11,678,000, compared with 11,609,000 in 1939, an increase of 150 per cent. It was not possible fully to meet the demand for passenger service because of the number of T.C.A. routes during the summer and early autumn months.

The report noted that events of 1940 included establishment of a second transcontinental route from Montreal to Vancouver, and the addition of a double daily service between Toronto and Windsor from Toronto, 11. From the Montreal station of a double daily service between Toronto and Windsor from Toronto, 11. From the Montreal station of a double daily service between Toronto and Windsor from Toronto, 11.

OPERATE 11 PLANES

Flight equipment in 1940 consisted of 15 Lockheed 14B aircraft and six Lockheed 14B aircraft purchased in the year.

The mileage of routes operated in 1940 was 3,662. At the end of the year T.C.A. was flying 15,144 miles daily. The aircraft fleet was valued at \$2,588,000, during the year for a total of 2,588,000.

Since operations started in September, 1937, Trans-Canada planes have flown 18,453,411 miles during 43,581 hours in the air, the report said.

During 1940 operations and test flights were made from Montreal to Winnipeg. At the end of 1940 the staff of the company was 1,000. Every phase of development has been affected by war conditions and Trans-Canada's policy is "no exception," said the report.

ASIST MILITARY

Facilities of the company at the various airports across the country are being used for the military. The company is furnishing personnel of the company have assisted in the training of military personnel in the use of the aircraft.

The company has provided military aid to the military. It is certain that the company will continue to provide military aid to the military. It is certain that the company will continue to provide military aid to the military.

JEFF JAMAS ANSWER FOR NIGHT SNACKS

LOS ANGELES, March 28.—(AP)—Jeff Jamas, night club owner, said today that he had been asked to provide a night club for the military. He said he would be glad to do so.

Aircraft Production Beginning To Roll; 40 Planes Week Is Output

By B. T. RICHARDSON
Edmonton Bulletin Ottawa Bureau

MONTREAL, March 28.—Since the days when the Crusaders of western Europe selected the finest damascened steel for a sword to smite the Saracens, there has been a sword in the finger count so highly as in that sleek age of 1941, the modern military airplane. There is hardly a process in manufacture of aircraft that is not many times more exacting than in the manufacture of automobiles, which is mankind's greatest triumph of mass production. The airplane cannot come out of a machine like sausage.

Australia Plans Steps To Encourage Larger Families

New Legislation Expected
To Benefit 1,000,000
Children

CANBERRA, March 28.—(AAP)—Legislation providing for Australia's child expansion plan is expected to be introduced today. It is expected to benefit 1,000,000 children in 300,000 families.

The plan will be paid for by a tax of 25 per cent on all income in excess of \$1,000 (\$3,700 Canadian).

The plan will be paid for by a tax of 25 per cent on all income in excess of \$1,000 (\$3,700 Canadian).

Women's Basketball Put On Program For Pan-American Olympics

Two-Fisted Tommy Gomez Cools 'Em Quick in Tampa

By WHITNEY MARTIN

TAMPA, Florida, March 28.—(AP)—Lefty Gomez just pitched with one hand but there is another Gomez down here who pitches with two hands, and so far they've been having trouble lining up anybody who can catch him for more than a couple of innings.

CAGERS SEEKING UNIFORMITY IN COURT LAYOUTS

NEW YORK, March 28.—(AP)—A series of amendments designed to standardize basketball courts, floors, backboards, balls, baskets and lighting are expected to be presented to the ruling body of the National Basketball Committee at its meeting in Kansas City this weekend.

A special committee comprising C. S. Edmundson, University of Washington; Dale Lash, Wesleyan University; and Valentine Leno, U.S. Military Academy, will make the appeal, formulated by the National Association of Basketball Coaches, which concluded a two-day meeting yesterday.

Calculated to provide another means of eliminating the controversy over type of defense, a regulation by Dave Tobey of Savage Institute was approved unanimously. Tobey suggested that the present three-second restriction on the pivot post play be modified to apply only to the full line between the pivot post and free throw line.

It was approved at Kansas City, that will free the pivot post of the full line to shooting.

As the code now stands the four foot circle is virtually for buffers, offering no advantage to either side. A player may remain in the circle for an unlimited time while the ball may remain for only three seconds after gaining possession.

The coaches voted unanimously for a standard circle of four feet in width and 44 feet in diameter, the backboard, used against fast-paced backboards, specifying that they should be flat feet rectangular made of steel, wood or glass and approved playing the game with a leather, stitched-ball made of brown leather panels.

Nea Norgren, University of Chicago, vice president, presiding, presiding at the meeting of the National Association of Basketball Coaches, which concluded a two-day meeting yesterday.

Other officers chosen were: C. A. Kelleher, Portland, vice-president; E. J. Hinton, Springfield, vice-president; W. H. Brown, Portland, vice-president; Martin DeMott, Portland, vice-president; and Val Leno, West Point, President. Co. directors: Hinton also was present with

BROWNS LACK HURLING POWER FOR TITLE BID

By GEORGE KIRKSEY

SAN ANTONIO, Tex., March 28.—(AP)—The St. Louis Browns are no longer a "slump-dumpy" ball club. They were the most improved team in the American league last season, winning 84 games, above their 1939 record. If they could improve that in 1941, they could challenge for the pennant.

But considering their present pitching staff, the Browns do not figure to make any gesture at the pennant this season. The main goal of manager Fred Hunter is to finish out of second division and deal a K.O. blow to Old Kid Gloom who has plagued the Browns since they plunged into the lower regions in 1930.

Coming up from last to sixth place and increasing their percentage to .566 points was quite a feat for the Browns last year. They beat the first division club, 42 games, dealing a crushing blow to the Yankees and breaking even in 22 games with the second-place Indians.

GOING TO IMPROVE

Club officials go to continue its improvement. Hunter says: "Our two rookie stars, Judd and Swift, show the first round of a return battle and that he has ballooned from 134 pounds to 162 in the last 18 months, and that he gave Mayor Dandridge a terrific lesson and knocked out Haroldo Hardin for the first time in the latter's career."

HIGH EXPLOSIVES

We are now going to action the other sign. His opponent was Ernest Peterson. There was a great flurry and a noise like a firecracker in a main barrel and Peterson was down for nine. It was a left hook.

In the second round, Gomez unfurled that overhand right. Peterson flinched a couple of times and was quite still as they carried him to his dressing room. Gomez said before they took the ending but he can punch.

Brown Brothers

BOBMYR—CPI—Young officers duplicate their best pitching years in the majors, the Browns would like to see them. Make note of these figures:

	Year	Wins	Losses	ERA
Allen	1935	15	10	1.95
Kennedy	1936	20	10	1.95
Auker	1937	18	7	1.00
Detmer	1938	13	5	1.00
Detmer	1939	13	5	1.00
Total		100	47	

Too much to expect anything of the group but if on all cylinders then the Browns are going to be really tough.

Other pitching possibilities are very bright. When he has been in the line-up, John Niggling has been a very bright star. John Niggling has been a very bright star.

Fountain Of Youth

Hawaiians have found the fountain of youth in sport. They indulge in all sorts of sports that any other people. Honolulu, the city of the future, is the city of the future. Honolulu, the city of the future, is the city of the future.

Hawaiians' Love Of Sport Retains Youth And Vigor

HONOLULU, March 28.—(NEA)—Hawaiians devote more time to sports than any other people. The result is that their men averaging six feet in height and keeping youth, full vigor to an advanced age.

You are 60-year-old Hawaiians with snow-white hair and the smooth, supple skin of a man in his 30s. Get a load of Duke Kahanamoku. At 31, his speed in swimming 30 yards will surpass you.

Swimming comes to Hawaiians as naturally as walking. They developed a distinctive stroke, an adaptation of the one called the Australian, Kahanamoku, now known as the Hawaiian stroke, short bursts of rapid strokes.

OVERLIN RISKS TITLE AGAINST SOOSE IN MAY

NEW YORK, March 28.—(AP)—Middleweight Champion Ken Overlin will gamble his crown against Billy Soose of Farrell, Pa., at Madison Square Garden on May 21 under the terms of pugilist's first "Damon and Pythias" contract.

The contract provides that Soose, if victorious, will defend his title within 90 days against Overlin or Overlin's stablemate, George Abrams of Washington.

The date is exactly a year from the night on which Overlin won the title. New York state brandy, from the Garden, Soose has defended it twice against Steve Belotte.

Soose has been after his chance since last July 24 when he was defeated in a title decision over Overlin in the rain at Scranton, Pa. A month later he won an over-the-weight decision at Chicago from Tony Zale, the National Boxing Association's middleweight champion.

Overlin will have three or four tune-up engagements but Soose will have only one but before the negotiations virtually are completed for him to fight George Abrams 10 rounds at Los Angeles April 2.

Promoter Mike Jacobs also announced date changes for three fights in the Garden.

The Joe Louis-Bob Simon return heavyweight bout was moved up a week to May 8 and the Lew Jenkins-Bob Montgomery middleweight 10-rounder was moved to May 16.

The light heavyweight championship bout between Anton Chiriac and Gus Leonard was shifted from May 2 to June 12 when it will headline a Greek benefit show. The winner fights Jimmy Webb in September for Billy Costello.

Welterweight champion Freddie Davis was matched for a 10-round bout with Tony Martellino of New York at the Bronx Club, season, April 25.

Some of the four largest words on the Lake Islands. Yachting, polo and deep-sea fishing are the main sports of the islands. As for hunting, most of the birds have been rare. Deer, goats and wild geese are common.

Yes, the famous Outrigger Canoe Club, on the beach at Waikiki, has been of assistance for two years. Now, thanks to Representative Walter J. Macfarlane, a young man who does things in the land of legend, the club will be recognized as the same old club but in a delightful new place.

Macfarlane, nephew of President Arthur Macfarlane, serving his fourth term in the Hawaiian House of Representatives, has been interested in the building.

No other beaches in the world are so adaptable to surfing as the Hawaiian beaches. Only where the reef extends far out to sea is the long, rolling wave-surfers can catch.

Kahanamoku, old-timer and world champion, once will wave some like a comet of the Outrigger.

Waikiki was the scene without it, and the real sport of surf-riding should be presented at the beach where it can be enjoyed to the full.

Buenos Aires To Be Site Western Hemisphere Games

ST. JOSEPH, Mo., March 28.—(AP)—Women's basketball has become a game and has been allotted a berth on the tentative program of the Pan-American Olympics, slated for Buenos Aires in November, 1942.

Already Mrs. Irvin Van Blarcom of Wichita, Kas., chairman of the Women's Amateur Athletic Union basketball committee, had been given a similar position in the newly-formed American Federation of Sports.

Three methods of selecting the women's basketball team have been discussed. In one, the United States would be divided into 18 districts and one athlete would be chosen from each.

The region would be asked to raise the money. Another suggestion is to send a team to the 1942 tournament, likely to be held in Buenos Aires.

The third possibility is to name the All America squad chosen at the close of next year's meet at the United States center. The plan also was given enough favor to bring about a change in A.A.U. procedure.

In previous years two All America teams of six players each have been chosen. Mrs. Van Blarcom said Thursday that one group of 18 players would be selected in the future.

Men's basketball first appeared on the Olympic program in 1906 and the women were to have made their debut in the 1928 games, cancelled because of the war.

KANSAS CITY BEATS ST. LOUIS

KANSAS CITY, March 28.—(CP)—Held games until the first period. Kansas City Americans won from behind Thursday night to defeat St. Louis Flyers 3-1 in the opening game of their best-of-five final American Hockey Association playoffs.

Travis Price, St. Louis defenseman, scored in the first period. The lead until 2:58 of the third period when Bill Masterton, rookie who came to the American Hockey Association from Providence of the American Hockey League, scoring the goal. Masterton led again at 13:50 in Kansas City ahead and the winning shot came on Gaston Bellet's tally shortly before the period ended.

Montreal Man In Army Recognized By King George

LONDON, March 28.—(CP)—King George VI. announced today that he has a special memory for James who was captured in front of Louisa (Canada) after Major of the Royal Canadian Army Service Corps and the "Havert" I saw you in Canada.

Magnie recalled and told his Majesty that he was at the window when he was in Montreal.

CROSS CHARGES RACKETEERING WELFARE GRANT

Racketeering in provincial material welfare grants was charged in the legislature Thursday by Hon. Dr. W. C. Cross, minister of health and in charge of relief.

E. O. Duke, B.C., Premier, Cross, charged, asked the House for eliminating \$40,000 for material welfare, which was included in last year's estimate. Dr. Cross declared that these grants were being distributed because people were making a racket of them.

Replying in a question by Angus J. Morrison, Labor, Cross, as to why was responsible for the racketeering, Dr. Cross said some magistrates, justice of the peace and other officials were being charged application. Cross while there was no chance of them being granted.

Investigations concerning applications frequently were carried out in various parts of the province by the district. Dr. Cross added, Dr. Cross further pointed out that by way of compensation for elim-

WAR EFFORT JEOPARDIZED IRVINE SAYS

C.C.F. Organizer Calls For Change In Financing Methods

Declaring that the war effort is seriously jeopardized through the financing policy followed by the present government at Ottawa, William Irvine, provincial C.C.F. organizer, stated in an address to the L.O.O.F. last Thursday night that Canada must face up to the necessity of a basic and fundamental change in financing.

The speaker declared the issue has already been met in Britain by such leaders as Churchill and Bevin, who have agreed to work out profits in war industries and surplus profits in all industries.

The people must use every constitutional right the British system permits them to effect the necessary change, Mr. Irvine stated.

INFLATION NO ANSWER

Inflation, or the creation of new money is no solution, he said. Inflation is a result of the fact that actual demand for agricultural at the present time.

The speaker named four steps he considered necessary for successful financing of the war effort.

First, the government must wipe out all profit in war industries, he said.

A second essential is the compulsory control of all essential goods before the war to the government without interest.

A third essential requisite would be the issuing of all credit and currency provided for financing the war effort owned and controlled by the people for the people.

Lastly, the war must be financed without debt and without interest. Mr. Irvine spoke admirably of the least-fund bill, as being a great step forward in the way of international financing.

Publication's Appeal Against Fine Dismissed

Appeal by Sports Review Ltd. against conviction and \$25 fine imposed by Magistrate Smith, Calgary, was dismissed in appeal court Thursday.

The majority report declared upholding the view taken by the convicting magistrate that the publication "Sports Review" was not a bona fide publication for the purpose, but as a guide to the home breeder. There was no intent the publication should be used to promote betting, control betting, and cited several cases to support this contention that there was no "intent" a conviction could not be sustained.

The hearing is proceeding.

Member Regrets Press Not Seated, Government Lunch

Declining to comment on the point that no special provision was made for lunch at the provincial government luncheon at the Macdonald hotel, Wednesday, in honor of His Excellency, the Earl of Athlone, Governor-General of Canada, and Her Royal Highness, Princess Alice, Countess of Athlone, J. H. Walker, independent house leader, on Thursday expressed regret that provision had been made for press representatives at the luncheon.

A Canadian Press representative, a Calgary newspaperman and a representative of the Edmonton press, after being invited to the luncheon on a verbal "invite" from a cabinet minister, found on arrival there was no seating provision for them in the regular dining room and later were admitted to the main room to hear the address.

Chamber Ready Support Census

If the taking of a census in Canada this year, as announced by the federal government, will result in a more efficient production of the war, the action has the unqualified endorsement of the Edmonton chamber of commerce.

The chamber took this action at the regular weekly meeting of the executive council at the corner Wednesday, following a request for opinion from the parent body the Canadian Chamber of Commerce.

Recruits Needed

A number of recruits are needed for the Fourth Canadian Command Battalion (R.C.M.C. C.A.B.R.) it was announced Thursday. Applicants must be physically fit and willing to serve in the active service if required. Further information may be obtained by calling at Room 12, Prince of Wales Armoury, any week night after 7:30 p.m. except Thursdays and Saturdays.

STOP BABY'S SNIFFLING

Government Will Continue To Pay Partial Interest

Payment of half interest on Alberta debentures will be continued during the fiscal year commencing April 1 next. This was stated Thursday when the house, sitting in committee of supply ratified a vote of \$2,000 for interest payable on the public debt. This is a decrease of \$600 over last year.

Information was given the house by Hon. Selwyn E. Low, provincial treasurer, that savings certificates and redemptions in the next year would remain about the same as in the current year, namely, \$500,000. Interest payments of \$13,000,000 on these debentures were approved by the house.

A vote of \$10,000 for American exchange in respect to debentures was passed, this being a decrease of \$2,000 over last year.

Payment of interest on Alberta and Great War Debentures and other costs drew an appropriation of \$468,500, a reduction of \$23,000 over last year.

BILL TO HELP HARVESTING IS BEFORE HOUSE

Authority for provision of a lien to crops to enable farmers to proceed with harvesting operations, a bill entitled the Harvesting Lien Act is under consideration by the legislature. This is not the first of eight acts recently introduced by Hon. Lucien Macdonald, K.C., minister of agriculture, in connection with the general debt situation.

The bill is intended to provide for the government to take over the harvesting of crops in the event of a marketing crisis, and to provide for the government to take over the harvesting of crops in the event of a marketing crisis.

The bill is intended to provide for the government to take over the harvesting of crops in the event of a marketing crisis, and to provide for the government to take over the harvesting of crops in the event of a marketing crisis.

The bill is intended to provide for the government to take over the harvesting of crops in the event of a marketing crisis, and to provide for the government to take over the harvesting of crops in the event of a marketing crisis.

The bill is intended to provide for the government to take over the harvesting of crops in the event of a marketing crisis, and to provide for the government to take over the harvesting of crops in the event of a marketing crisis.

'RECALL ACT' CASH DEPOSIT DISPUTE ENDS

Legislature Adopts Method For Settlement Of High River Problem

Unanimous endorsement was given in the legislature Thursday to a resolution which might bring to a close the long-running dispute over the recall act cash deposit. The resolution, which was introduced by Mr. A. A. Macdonald, provides that the government should pay the deposit of \$200, made by each petitioner, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

This subject has been a matter of contention ever since the recall act was passed. The resolution adopted by the house stipulates that the government are to be returning to the petitioners the cash deposit, which was made by them, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

When petitioners made application to institute recall proceedings, a \$200 cash deposit was required under the Recall Act prior to being heard. Then, when the Recall Act was passed, a dispute arose between the government and petitioners regarding the deposit.

The government carried on correspondence with the legal firm representing the petitioners, but the dispute was never cleared through to a conclusion. Several times the matter has been brought to the house and has been widely discussed without the legislature.

The resolution adopted by the house on Thursday promises to end the whole affair. It may be that before the present session ends the petition forms may go up in smoke and the \$200 cash deposit returned to the petitioners so that the series of incidents may pass into history.

The subject was opened by Mr. A. A. Macdonald, who said that the recall act was passed in 1937.

DESTROY RECALL ACT

He advocated that the money be returned to the petitioners, and that the recall act be destroyed. He stated that the recall act was a failure and that the government should pay the deposit of \$200, made by each petitioner, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

Mr. Macdonald stated that the recall act was a failure and that the government should pay the deposit of \$200, made by each petitioner, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

He stated that the recall act was a failure and that the government should pay the deposit of \$200, made by each petitioner, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

Sub Chaser

ADAMIRAL SIR PIERCE L. H. NORBLE, above, assumes command of the British submarine HMS GURMERE, which is being sent to the Mediterranean to hunt for the German submarine U-109.

John J. Howlin, Inq. Calgary, writes that the 1937 general election, one of the principal pillars of the Social Credit party's platform was "the recall and the fair vote."

He stated that the recall act was a failure and that the government should pay the deposit of \$200, made by each petitioner, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

He stated that the recall act was a failure and that the government should pay the deposit of \$200, made by each petitioner, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

He stated that the recall act was a failure and that the government should pay the deposit of \$200, made by each petitioner, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

He stated that the recall act was a failure and that the government should pay the deposit of \$200, made by each petitioner, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

INDEPENDENT LEADER WILL RECEIVE PAY

When the committee reached the item of \$1500, Mr. Norble stated that "it is not spent." Supporting him, Mr. Donker said that the opposition, being mainly independent, could not have a leader and therefore as there was no leader, there was no reason for spending the money.

Speaking in the motion, Mr. Norble said that the opposition, being mainly independent, could not have a leader and therefore as there was no leader, there was no reason for spending the money.

He stated that the recall act was a failure and that the government should pay the deposit of \$200, made by each petitioner, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

He stated that the recall act was a failure and that the government should pay the deposit of \$200, made by each petitioner, in the event of a recall petition being successful in 1937 against the then sitting member for that constituency.

Rest Broken Up By Night Rising

Now Mrs. Shergold Tells How Mosby's Tonic Relieved Her Sluggish Kidneys — Had Backache and Was Worn Out Before She Found This New, Scientific Compound.

Mrs. F. Shergold, of 4304 St. Catherine St., Vancouver, B.C., is now adding her name to the long list of well-known people of the Western section who publicly and enthusiastically praise and endorse Mosby's Tonic, which follows.

Sluggish Kidneys Made Her Back Sore and Ache. For some time I have been a victim of sluggish kidney action, and had sharp pains in my back region, which did not stop when I lay down. I was so worn out that I could not move, my body one way or another. My sleep was disturbed, and I was unable to get any rest at all. I was so tired that I could not move, my body one way or another.

I have a wide acquaintance in Vancouver, and I have known many of my friends who have suffered from the same trouble. I have known how I suffered during the past year, but now I feel my kidneys are working again, and I feel much better. I have known how I suffered during the past year, but now I feel my kidneys are working again, and I feel much better.

Give them Moments of Happiness mid the Grimness of War!

Suppose your boy was on active service in Great Britain, Ireland, Newfoundland, or in a Canadian Camp far from home. You'd want him to have wholesome recreation, homelike social contacts and every possible comfort and happiness of duty.

The boys of our fighting forces are our own flesh and blood. From mine, sea, farm and forest and from city, town and village, they have gone forth as defenders of our safety, our homes and our way of life. They have broken home ties, left friends and loved ones, given up the comforts of home.

Six great organizations are united in asking for funds to see that those comforts are provided. Surely we, safe and secure at home, will provide them with moments of happiness.

Let the volunteer helper who calls on you carry back your pledge of loyal support for our fighting men. The boys rely on the folks back home. You never have failed them—you will not now... Give generously in this combined appeal.

Let the volunteer helper who calls on you carry back your pledge of loyal support for our fighting men. The boys rely on the folks back home. You never have failed them—you will not now... Give generously in this combined appeal.

Let the volunteer helper who calls on you carry back your pledge of loyal support for our fighting men. The boys rely on the folks back home. You never have failed them—you will not now... Give generously in this combined appeal.

FIGURE 2

The idea of this puzzle is to find the 12 letters in the completed set of Quadruple Triplets. The 12 letters have been put into the four groups to make four 6-letter words, two reading across and two reading down. Thus each triplet forms half of a pair of 6-letter words. Your job is to do the same thing with the 12 letters in Figure 2, crossing each letter as you put it into a square. There are only four possible 6-letter words that solve this puzzle. Note that two letters are now in place to help you get started. Solution on Saturday.

THURSDAY'S PUZZLE SOLUTION. LINKED WORDS: "DOGMA" MARSH SHIFAR ARINA NADIR. The Greek letter SIGMA may be used instead of DOGMA.

ONE FOR THE MONEY

By Louise Holmes

LOVELY JULIE BATTON knows a few things about money. She grew up in a family where money was always a topic of conversation. Her father, a successful businessman, taught her the value of money from a young age. Julie was always a saver, and she had a habit of counting her money every time she got a new coin or bill.

She also knew that money could be a double-edged sword. It could bring happiness and security, but it could also bring trouble and heartache. Julie had seen her father's friends who had lost everything because of a bad investment or a bad business deal.

Julie was a young woman with a bright future ahead of her. She was smart, hardworking, and ambitious. She had a plan for her future, and she was determined to make it work. Money was a key part of that plan, and she was willing to do whatever it took to get it.

CHAPTER FOUR
JULIE'S knees were suddenly weak. She dropped to a crouch, clutching the telephone receiver to her ear, holding the telephone cord with both hands, tight-fingered hands, eager hands. Her

also she shut-eye and then steps up all his hours.

"We could have been having a lot of fun, Julie, you know it? Here I am, waiting to go home and

"I'm sorry to have ruined your evening," Julie said. "I meant to go to bed, really I did—but I was restless."

laugh had a little catch in the middle of it.

"Is this the forty-ninth street policeman speaking?" she asked. "Yes, it is, madam, and I'm doing my nightly check-up on the

lighted windows." He sounded very

little whether he was of social prominence or not.

"I'm sorry to have ruined your evening," she said. "I meant to go to bed, really I did—but I was restless."

"And the girl behind them?"

"Yes."

"I don't know. The purse snatcher, maybe."

"Well, you'd better be," he growled, leaning behind the glass, "or you'll be hearing from me again."

"You need a good night's sleep."

"I might, but I won't. I want to see you tomorrow night, Julie."

"I don't know it. The prospective weekend on Long Island. It had definitely lost its appeal. But her
